

HSU-3 Training Materials

Overview

This folder contains all training materials for **HSU-3: Infectious Disease Monitoring and Health Campaigns**, a session designed for the Health Services Unit (HSU) at PSHS-MC. This session transforms how HSU monitors infectious diseases and creates health campaign materials using Google Workspace tools.

Session Information

Field	Value
Session ID	HSU-3
Session Title	Infectious Disease Monitoring and Health Campaigns
Duration	45 minutes
Prerequisites	Session 0 (Google Workspace Fundamentals)
Google Workspace Tools	Google Sheets, Google Slides, Google Forms
LibreOffice Equivalent	LibreOffice Calc, Impress (optional - to be deployed campus-wide)
Manual Reference	SSM 6.7 Infectious Disease Monitoring, SSM 6.5 Health Information Campaign
Target Audience	HSU staff, School Nurse, Physician

Files Included

1. Trainer Guide ([HSU-3_trainer-guide.md](#))

Complete trainer script with:

- Session metadata and learning objectives
- Time allocation breakdown (45 minutes)
- Opening Q&A with anticipated questions
- Disease Monitoring Tracker (12 min) - Google Sheets with charts and pivot tables
- Health Campaign Materials (10 min) - Google Slides
- Health Awareness Surveys (10 min) - Google Forms
- Audience Practice: Guided exercise with 4 tasks
- Answer key and scoring rubric
- Troubleshooting tips
- SSM references
- Assessment and follow-up guidance
- Pre-training setup recommendations
- Video production tips
- Follow-up support suggestions

2. Video Script ([HSU-3_video-script.md](#))

10-15 minute pre-session video script with:

- Opening analogy (physical bulletin board → Google Slides)
- Keywords and concepts explanation (pivot tables, charts, data visualization, conditional formatting, survey design)
- Pattern demonstration with screen recording cues:
 - Disease Monitoring Tracker (3 minutes)
 - Health Campaign Materials (3 minutes)
 - Health Awareness Surveys (2 minutes)
- Quick check question
- Production notes for video recording

3. Hands-On Exercise ([HSU-3_exercise.md](#))

Guided exercise with:

- Exercise scenario (HSU staff preparing for flu season)
- 4 step-by-step tasks:
 - Part 1: Create a Disease Tracker
 - Part 2: Create a Simple Chart
 - Part 3: Create Campaign Slides
 - Part 4: Create a Survey
- Self-check answers
- Challenge variations (basic, intermediate, advanced)
- Troubleshooting guide
- SSM references
- Keyboard shortcuts

4. Quick Reference Card ([HSU-3_quick-ref-card.md](#))

Front-and-back reference card with:

- **Side A:** Step-by-step guides for:
 - Recording a Disease Case
 - Creating a Disease Chart
 - Creating Health Campaign Slides
 - Creating a Health Survey
- **Side B:** Keyboard shortcuts, SSM 6.7 and 6.5 references, disease status color coding, common tasks, common mistakes, where to find help, emergency solutions, analogies, diseases to monitor, tips for success

5. Template Sheet ([HSU-3_template.csv](#))

Pre-built CSV template that can be imported into Google Sheets:

- Disease monitoring tracker template
- Columns: Date Reported, Student/Employee Name, Grade Level/Position, Disease Type, Symptoms, Date Onset, Status, Date Cleared, Days Absent, Class/Section, Notes

- 50 empty rows for data entry

How to use the template:

1. Go to Google Drive (drive.google.com)
2. Click **+ New** → **File upload**
3. Select **HSU-3_template.csv**
4. The file will open in Google Sheets
5. Add data validation for Disease Type and Status columns
6. Add conditional formatting for visual status tracking
7. Enter disease cases as needed

SSM References

This session is based on two key manuals:

SSM 6.7 Infectious Disease Monitoring

Key Sections:

- **Section 3.2:** Diseases to Monitor
 - Acute Viral/Bacterial Conjunctivitis (sore eyes)
 - Viral Exanthems (measles, chickenpox)
 - Parotitis (mumps)
 - Dengue Infections
 - Amoebiasis
 - Typhoid Fever
 - Hepatitis A
- **Section 3.4:** Students with infectious disease excused from classes until fully recovered
- **Section 3.5:** School responsibility to protect and safeguard health
- **Section 5.1.1:** Infectious Disease Monitoring Tool

SSM 6.5 Health Information Campaign

Key Sections:

- **Section 3.2:** Campaign strategies (posters, brochures, videos, activities)
- **Section 3.5:** Bulletin Board for HSU information campaign (updated as necessary)
- **Section 3.6:** Nurse responsible for updating HSU Bulletin Board
- **Section 4.0:** Procedures (obtain info, submit for approval, post on bulletin board, monitor activity)

Teaching Methodology

Flipped Classroom Approach

Part 1: Pre-Session Video (10-15 min, asynchronous)

- Participants watch the video 2-3 days before the in-person session
- Covers analogy, keywords, patterns, and examples
- Includes screen recordings of actual Google Workspace tools

- Ends with a quick check question

Part 2: In-Person Session (45 min, synchronous, hands-on)

- Welcome and Q&A on video (3 min)
- Disease Monitoring Tracker (12 min)
- Health Campaign Materials (10 min)
- Health Awareness Surveys (10 min)
- Audience Practice: Guided exercises (7 min)
- Wrap-up & Scoring (3 min)

Gamification: Inter-Unit Competition

- Each unit earns points based on participant performance
- Scoring criteria: Completion (40 pts), Accuracy (40 pts), Independence (20 pts)
- Visible leaderboard tracks unit progress across all sessions
- Points accumulate across the entire training program

Pre-Training Setup Checklist

Before the first HSU-3 session:

- ☐ Create a shared Google Drive folder for all HSU training materials
- ☐ Prepare sample disease data for practice
- ☐ Set up the leaderboard in Google Sheets with read-only access
- ☐ Set up a "HSU Help" channel in Google Chat for ongoing questions
- ☐ Record the pre-session video (10-15 minutes)
- ☐ Host the video on Google Drive and share the link 48 hours before the session
- ☐ Print quick reference cards (one per participant)
- ☐ Test the training room setup (projector, internet, participant computers)

Post-Training Follow-Up

Immediate (Within 1 Week)

- ☐ Collect feedback from participants
- ☐ Address any issues or questions
- ☐ Share the leaderboard update

Short-Term (2-4 Weeks)

- ☐ Schedule a 15-minute check-in to address issues
- ☐ Verify that HSU is using digital tools in daily operations
- ☐ Monitor disease tracking during outbreaks

Long-Term (60 Days)

- ☐ Complete Training Effectiveness Form per FAM 4.7 Section 4.6
- ☐ Assess application on the job, efficiency gains, error reduction
- ☐ Identify additional training needs

- ☐ Evaluate whether digital tools are meeting HSU needs

LibreOffice Integration

Note: LibreOffice is optional and will be deployed campus-wide before full training rollout.

When LibreOffice is Available:

- Download Google files as .ods (spreadsheets), .odp (presentations)
- Work offline in LibreOffice Calc or Impress
- Re-upload to Google Drive when internet returns
- Use for weekly backup routine
- Covered in detail in session LO-1 (LibreOffice as Offline Backup)

Support Resources

For Google Sheets:

- Help Center: [sheets.google.com/support](https://support.google.com/sheets)
- Press ? in Sheets for quick help

For Google Slides:

- Help Center: [slides.google.com/support](https://support.google.com/slides)
- Press ? in Slides for quick help

For Google Forms:

- Help Center: [forms.google.com/support](https://support.google.com/forms)
- Press ? in Forms for quick help

For PSHS Policies:

- SSM 6.7 Infectious Disease Monitoring
- SSM 6.5 Health Information Campaign
- Contact HSU Head or SSD Chief

For Technical Issues:

- Contact ITU at itu@pshs.edu.ph (or your campus ITU email)

Key Learning Outcomes

By the end of HSU-3, participants will be able to:

1. Create a disease monitoring tracker in Google Sheets per SSM 6.7
2. Use charts and pivot tables to visualize disease trends and patterns
3. Create health campaign materials in Google Slides per SSM 6.5
4. Design health awareness surveys using Google Forms
5. Analyze survey data to inform future health campaigns
6. Apply conditional formatting to highlight urgent cases
7. Organize HSU documents in Google Drive with proper folder structure

Important Notes

- **This session is for HSU staff** who manage health monitoring and campaigns
- **Compliance with SSM 6.7 and 6.5** is emphasized throughout
- **Student privacy is critical** — share spreadsheets only with authorized staff
- **Follow DOH Calendar** when planning health campaigns (per SSM 6.5)
- **Regular backups** are recommended (download as .ods for LibreOffice)
- **The digital system enhances, not replaces** existing processes

Next Steps

After HSU-3 is approved and delivered:

1. **Build remaining Tier 1 session:**
 - GSU-2 (Facility Use Management)
2. **Implement disease monitoring tracker** for current school year
3. **Create campaign materials** for upcoming health topics
4. **Conduct health awareness surveys** and analyze results
5. **Monitor disease trends** using charts and pivot tables
6. **Update bulletin board** regularly with digital campaign materials
7. **Monitor usage** and collect feedback for improvement
