

LO-1 Training Materials

Overview

This folder contains all training materials for **LO-1: LibreOffice as Offline Backup**, a supplemental session recommended for all PSHS-MC administrative units. This session ensures business continuity by providing staff with the skills to work offline when internet is unavailable or Google Workspace is temporarily down.

Session Information

Field	Value
Session ID	LO-1
Session Title	LibreOffice as Offline Backup
Duration	1 hour (60 minutes)
Prerequisites	Session 0 (Google Workspace Fundamentals)
Google Workspace Tools	Google Docs, Google Sheets, Google Slides, Google Drive
LibreOffice Tools	LibreOffice Writer, LibreOffice Calc, LibreOffice Impress
Manual Reference	N/A (General IT best practices)
Target Audience	All PSHS-MC staff (recommended for all units)

Files Included

1. Trainer Guide ([LO-1_trainer-guide.md](#))

Complete trainer script with:

- Session metadata and learning objectives
- Time allocation breakdown (60 minutes)
- Opening Q&A with anticipated questions
- Introduction to LibreOffice
- LibreOffice Writer (Documents) - 12 minutes
- LibreOffice Calc (Spreadsheets) - 12 minutes
- LibreOffice Impress (Presentations) - 8 minutes
- Offline Workflow - 8 minutes
- Audience Practice: Guided exercise with 4 tasks
- Contest Activity: Quick independent challenge
- Answer key and scoring rubric
- Troubleshooting tips
- File format reference
- Assessment and follow-up guidance
- Pre-training setup recommendations
- Video production tips

- Follow-up support suggestions

2. Video Script ([LO-1_video-script.md](#))

10-15 minute pre-session video script with:

- Opening analogy (Swiss Army knife → LibreOffice)
- Keywords and concepts explanation (open source, file formats, offline workflow, compatibility, native formats)
- Pattern demonstration with screen recording cues:
 - Introduction to LibreOffice (1.5 minutes)
 - LibreOffice Writer (2.5 minutes)
 - LibreOffice Calc (2.5 minutes)
 - LibreOffice Impress (2 minutes)
 - Offline Workflow Summary (1.5 minutes)
- Quick check question
- Production notes for video recording

3. Hands-On Exercise ([LO-1_exercise.md](#))

Guided exercise with:

- Exercise scenario (preparing for internet outages)
- 4 step-by-step tasks:
 - Part 1: LibreOffice Writer (Create a memo)
 - Part 2: LibreOffice Calc (Create an inventory tracker)
 - Part 3: LibreOffice Impress (Create a presentation)
 - Part 4: Upload to Google Drive
- Self-check answers
- Challenge variations (basic, intermediate, advanced)
- Troubleshooting guide
- File format reference
- Keyboard shortcuts
- Offline workflow reminder

4. Quick Reference Card ([LO-1_quick-ref-card.md](#))

Front-and-back reference card with:

- **Side A:** Step-by-step guides for:
 - Creating documents in LibreOffice Writer
 - Creating spreadsheets in LibreOffice Calc
 - Creating presentations in LibreOffice Impress
 - Opening Google files in LibreOffice
 - Uploading files back to Google Drive
 - Complete offline workflow
- **Side B:** Keyboard shortcuts, file format reference, common formulas, LibreOffice vs Microsoft Office vs Google Workspace comparison, common mistakes, where to find help, emergency solutions, Google Drive desktop app, tips for success, analogy reminder, LibreOffice applications overview

5. Template Sheet ([LO-1_template.csv](#))

Pre-built CSV template that can be imported into LibreOffice Calc:

- Inventory tracker template
- Columns: Item, Quantity, Unit Cost, Total Cost, Date Purchased, Supplier, Location, Notes
- 50 empty rows for data entry

How to use the template:

1. Download [LO-1_template.csv](#)
2. Open in LibreOffice Calc
3. Enter your inventory data
4. Use formulas to calculate Total Cost (Quantity × Unit Cost)
5. Save as .ods (LibreOffice format) or .xlsx (Microsoft format)
6. Upload to Google Drive when needed

Why LibreOffice?

LibreOffice is essential for PSHS-MC for several reasons:

1. **Offline Backup:** When internet is down, staff can continue working
2. **Cost-Effective:** Completely free and open-source—no licensing costs
3. **Compatibility:** Works with Microsoft Office (.docx, .xlsx, .pptx) and Google Workspace formats
4. **Campus-Wide Deployment:** Will be installed on all PSHS computers before full training rollout
5. **Business Continuity:** Ensures operations continue during internet outages

File Formats

Application	LibreOffice Format	Microsoft Format	Google Format
Documents	.odt (OpenDocument Text)	.docx (Word 2007+)	Google Docs
Spreadsheets	.ods (OpenDocument Spreadsheet)	.xlsx (Excel 2007+)	Google Sheets
Presentations	.odp (OpenDocument Presentation)	.pptx (PowerPoint 2007+)	Google Slides

Note: LibreOffice uses open formats (.odt, .ods, .odp) by default. These are standardized formats that any software can open.

Teaching Methodology

Flipped Classroom Approach

Part 1: Pre-Session Video (10-15 min, asynchronous)

- Participants watch the video 2-3 days before the in-person session
- Covers analogy, keywords, patterns, and examples
- Includes screen recordings of LibreOffice applications
- Ends with a quick check question

Part 2: In-Person Session (60 min, synchronous, hands-on)

- Welcome and Q&A on video (5 min)
- Introduction to LibreOffice (5 min)
- LibreOffice Writer (12 min)
- LibreOffice Calc (12 min)
- LibreOffice Impress (8 min)
- Offline Workflow (8 min)
- Audience Practice: Guided exercises (7 min)
- Contest Activity: Independent challenge (3 min)
- Wrap-up & Scoring (5 min)

Gamification: Inter-Unit Competition

- Each unit earns points based on participant performance
- Scoring criteria: Completion (40 pts), Accuracy (40 pts), Independence (20 pts)
- Visible leaderboard tracks unit progress across all sessions
- Points accumulate across the entire training program

Pre-Training Setup Checklist

Before the first LO-1 session:

- ☐ Verify LibreOffice is installed on all training computers
- ☐ Prepare sample files for practice (Google Docs, Sheets, Slides)
- ☐ Create a shared Google Drive folder for all training materials
- ☐ Prepare the leaderboard in Google Sheets with read-only access
- ☐ Set up a "LibreOffice Help" channel in Google Chat for ongoing questions
- ☐ Record the pre-session video (10-15 minutes)
- ☐ Host the video on Google Drive and share the link 48 hours before the session
- ☐ Print quick reference cards (one per participant)
- ☐ Test the training room setup (projector, internet, LibreOffice installation)
- ☐ Prepare sample inventory data for practice

Post-Training Follow-Up

Immediate (Within 1 Week)

- ☐ Collect feedback from participants
- ☐ Address any issues or questions
- ☐ Share the leaderboard update

Short-Term (2-4 Weeks)

- ☐ Schedule a 15-minute check-in to address issues
- ☐ Verify that staff are using LibreOffice when internet is unavailable
- ☐ Monitor LibreOffice usage during internet outages

Long-Term (30 Days)

- ☐ Assess LibreOffice usage and comfort level

- ☐ Identify additional training needs
- ☐ Collect feedback and improve training materials

Support Resources

For LibreOffice:

- Help Center: help.libreoffice.org
- Community Forums: forum.libreoffice.org
- Press **F1** in LibreOffice for context help

For Google Workspace:

- Help Center: workspace.google.com/support
- Press **?** in any Google app for quick help

For Technical Issues:

- Contact ITU at itu@pshs.edu.ph (or your campus ITU email)

Google Drive Desktop App (Optional)

For enhanced offline access, participants can install the Google Drive desktop app:

1. Go to drive.google.com
2. Click **Settings** gear → **Get Drive for desktop**
3. Download and install the app
4. Sign in with PSHS Google account
5. A Google Drive folder appears on the computer
6. Files sync automatically when online

This is optional but recommended for frequent offline work.

Key Learning Outcomes

By the end of LO-1, participants will be able to:

1. Understand what LibreOffice is and why it's needed as an offline backup
2. Use LibreOffice Writer to create, open, and save documents (.odt, .docx)
3. Use LibreOffice Calc to create, open, and save spreadsheets (.ods, .xlsx)
4. Use LibreOffice Impress to create, open, and save presentations (.odp, .pptx)
5. Download Google Workspace files in LibreOffice formats for offline use
6. Work offline in LibreOffice and upload files back to Google Drive when online
7. Apply basic keyboard shortcuts and tips for efficiency
8. Understand the complete offline workflow

Important Notes

- **This is a recommended session** for all PSHS-MC staff
- **LibreOffice will be deployed campus-wide** before full training rollout
- **No licensing costs**—LibreOffice is completely free

- **Compatible with Microsoft Office** and Google Workspace formats
- **The contest activity serves as the practical assessment** for this session
- **A 30-day follow-up assessment** is recommended

Next Steps

After LO-1 is approved and delivered:

1. **Build remaining Tier 1 sessions:**
 - RHU-1 (Residence Hall Administration)
 - HSU-3 (Infectious Disease Monitoring)
 - GSU-2 (Facility Use Management)
2. **Monitor LibreOffice usage** during internet outages
3. **Collect feedback** and improve training materials
4. **Prepare for Tier 2 sessions** with minor preparation

Contact
