

VERSION NO. 2	MANUAL TITLE CURRICULUM AND INSTRUCTION MANUAL	DOCUMENT NO. CIM 3.1
	DOCUMENT NAME SCHOOL OFFERING, CLASS SCHEDULE AND FACULTY LOADING	REVISION NO. 3
		EFFECTIVITY DATE June 16, 2024
		PAGE NO. 1 of 11

1.0 OBJECTIVES

- 1.1 To identify course offerings for the school year.
- 1.2 To create schedule of classes for the school year.
- 1.3 To determine the workloads of faculty members for the school year.

2.0 SCOPE

This procedure covers the following:

- Identification of course offering in the foundation years, advancement years, and specialization years; and
- Scheduling of classes; and
- Faculty loading, which includes teaching assignment, administrative assignment, and other assignments with equivalent units.

3.0 POLICIES

3.1 School Offering

- 3.1.1 PSHS Campus offers free scholarship for the following 6-year educational program during the school year with special emphasis on subjects pertaining to the sciences and mathematics with the end in view of preparing its students for science and technology careers:

3.1.1.1 Foundation Years (Grades 7-8)

3.1.1.2 Advancement Years (Grades 9-10)

3.1.1.3 Specialization Years (Grades 11-12)

- 3.1.2 Curricular offerings of PSHS Campus shall follow the PSHS Six-Year Curriculum Subject Matrix shown below:

VERSION NO. 2	MANUAL TITLE CURRICULUM AND INSTRUCTION MANUAL	DOCUMENT NO. CIM 3.1

Total	28	9.4	Total	28	9.4

^a Non-graded additional requirements for graduation: 1. Homeroom in Grades 7 to 10; 2. Alternative Learning Activity (ALA) program in Grades 7 to 10 which oblige scholars to join in one club of their choice that meets once a week; 3. SCALE Program in Grades 11 to 12; and, 4. Science Immersion Program, which comes in many forms and may be taken in any summer after Grade 9 or Grade 10, and requires a minimum of 80 hours of work.

^b Time Allotment and Number of Units (6 meetings (*mtgs*) per week = 2 units; 5 meetings per week = 1.7 units; 4 meetings = 1.3 units; 3 meetings per week = 1 unit; 2 meetings per week = 0.7 unit)

^c The denominator in computing GWA is 10 units in Grade 9; and 10.3 units (if without elective) or 11.3 units (if with elective) in Grade 10.

* With laboratory classes

** Optional, but graded if taken

*** With Non-Numerical Grading System: Complete or Incomplete; Completion of the course is a requirement for graduation.

**** With Non-Numerical Grading System: Complete or Incomplete; Completion of the course is a requirement for graduation and for School Year 2023-2024 only.

3.1.3 Elective Courses for Advancement Years

3.1.3.1 In the PSHS System's six-year curriculum framework, the Advancement Years Program may offer elective subjects in the Grade 10 level. Such subjects shall be optional for the students, but graded if a student chooses to take an elective subject.

3.1.3.2 The minimum class size is 10 students, unless the subject is offered under a special project.

3.1.3.3 The program gears towards the basic sciences, engineering and technology courses. This scheme is aimed to ensure that the high school graduates achieve general literacy, as well as improve the pre-university preparation of students intending to pursue professional careers in mathematics, science and engineering.

3.1.4 Course Offerings for Specialization Years

3.1.4.1 In the Specialization Years Program, PSHS curriculum emphasizes holistic STEM education by offering science course options: core subjects and STEM elective courses.

3.1.4.2 The Implementing Rules and Regulations for the Specialization Years Program shall conduct Science Course Tracking Program to prepare Grade 10 scholars for the SYP and guide them towards making informed choices for their future career tracks.

3.1.4.3 The SYP Curriculum has the following features:

VERSION NO. 2	MANUAL TITLE CURRICULUM AND INSTRUCTION MANUAL	DOCUMENT NO. CIM 3.1
	DOCUMENT NAME SCHOOL OFFERING, CLASS SCHEDULE AND FACULTY LOADING	REVISION NO. 3
		EFFECTIVITY DATE June 16, 2024
		PAGE NO. 5 of 11

- 3.1.4.3.1 Outcomes-Based – as decisions on curriculum are driven by a pre-determined set of student exit learning outcomes.
- 3.1.4.3.2 Learner-Centered – as emphasis is given on students doing the learning, with teachers as facilitators.
- 3.1.4.3.3 Humanistic Design – as approaches to teaching and learning are based on reason and scientific methods.
- 3.1.4.3.4 Focus on Higher Order Learning – as learning outcomes target the more complex thinking skills.

3.2 Scheduling of Classes

- 3.2.1 The contact hours for all subjects from Grade 7-12 shall be Fifty (50) minutes unless otherwise modified by applicable issuances or BOT Resolution. Such shall be considered in the scheduling of classes of the different subjects.
- 3.2.2 For the Specialization Years Program, the following guidelines shall be followed in the scheduling of classes:
 - 3.2.2.1 Each subject in the SYP is given 50 minutes for every meeting;
 - 3.2.2.2 For Science Options and Electives, students report to subject teachers based on the number of lecture and/or laboratory meetings required; a possible option for laboratory classes would be to pool the number of meetings for longer hours of laboratory work;
 - 3.2.2.3 Students report to the SCALE Advisers at least two (2) hours per week for consultation and other concerns; The SCALE Adviser will make himself/herself available for consultation of SCALE concerns at least two (2) hours a week;
 - 3.2.2.4 Students report to the Science Immersion Coordinator whenever prescribed;
 - 3.2.2.5 Students report to the Academic Advisers (or equivalent thereof) as needed; and
 - 3.2.2.6 The schedules for Grades 11 and 12 Research classes have a pre-set three (3) meetings per week and the rest of the meetings should be flexible to accommodate

VERSION NO. 2	MANUAL TITLE CURRICULUM AND INSTRUCTION MANUAL	DOCUMENT NO. CIM 3.1
	DOCUMENT NAME SCHOOL OFFERING, CLASS SCHEDULE AND FACULTY LOADING	REVISION NO. 3

		PAGE NO. 6 of 11

the need for students to work independently, perform methodologies on or off campus, and report to their respective Research Advisers and teachers as needed.

3.3 Faculty Loading

3.3.1 General Loading Scheme

3.3.1.1 The regular work load for a SST is 18 units, in excess of such shall be considered overload.

3.3.1.2 The units creditable as faculty load based on assigned tasks are presented below:

Assignment	Equivalent Number of Units
Division Chief	- 15 units supervisory units - 3-5 units teaching/research advising
FAS Instruction Officer (For Main Campus only)	- 6 units supervisory - 12 units teaching/research advising
Academic Unit Head	- 3 units (3-5 teachers) - 6 units (6-10 teachers) - 9 units (more than 10 teachers) - 9-15 units teaching/research advising
Science Immersion Coordinator	1 unit: 30 students
SCALE Coordinator	3 units: 90 students
SCALE Adviser	3 units: 30 students
Academic or Homeroom Adviser	3 units: 30 students
Special Science Teacher	1 meeting/class per week is equivalent to 1 unit
Coordinator/Adviser	1-3 units for any coordinating work

3.3.2 Loading Scheme for PSHS Research Program

3.3.2.1 The Research Program in the new PSHS curriculum recognizes the significant involvement of Research Advisers who are considered experts in their respective fields. While experience has shown that Research Teachers can effectively handle research classes and forge collegial collaborations to address the gaps on technical expertise, institutionalizing the involvement of Research Adviser is needed to (1) encourage accomplishment of more specialized projects; (2) neutralize the tendency of students to propose

VERSION NO. 2	MANUAL TITLE CURRICULUM AND INSTRUCTION MANUAL	DOCUMENT NO. CIM 3.1

		PAGE NO. 7 of 11

research studies based on available campus expertise; (3) widen opportunities for research linkages; and (4) increase the competitiveness of PSHS researches for presentation to public audiences thru publication or other means. Thus, below is the loading scheme for Research Teachers and Advisers:

PSHS Research Program Level	Assignment	Equivalent Number of Units
Grade 10 Research	Research Teacher	3 units/class
	Research Adviser	None
Grade 11 Research	Research Teacher	3 units/class
	Research Adviser	0.5 unit/research project; maximum of 6 projects
Grade 12 Research	Research Teacher	3 units/class
	Research Adviser	0.5 unit/research project; maximum of 6 projects

4.0 PROCEDURES

4.1 Planning and Preparation of Elective Courses for Advancement Years

Responsibility	Activity
Curriculum and Instruction Division (CID) Chief	1. Prepares a list of elective courses based on the expertise of faculty members and available resources
Academic Unit Heads	2. Discusses the list with the Academic Unit Heads
Faculty Member/s	3. Identifies faculty member/s who can handle elective courses
Academic Unit Heads and CID Chief	4. Prepare/s learning matrices and course syllabi for approval of Academic Unit Heads and CID Chief
CID Chief	5. Review and approve learning matrices and course syllabi. If not approved, return to faculty member/s for revision
	6. Includes elective courses in the teaching loads of faculty member/s

VERSION NO. 2	MANUAL TITLE CURRICULUM AND INSTRUCTION MANUAL	DOCUMENT NO. CIM 3.1
	DOCUMENT NAME SCHOOL OFFERING, CLASS SCHEDULE AND FACULTY LOADING	REVISION NO. 3
		EFFECTIVITY DATE June 16, 2024
		PAGE NO. 8 of 11

7. Conducts elective course sign up to recruit students

4.2 Choosing a Science Course Option for Students

Responsibility	Activity
Guidance Counselor	1. Prepares student profiles including results of standardized tests on aptitude, skills, interests, general weighted average (GWA), extra-curricular activities, clubs, and Alternative Learning Activities (ALA) and submits it to the CID Chief
CID Chief	2. Schedules student advising involving students, parents, and Academic Advisers
Academic Adviser	3. Conducts advising for science tracking program for Grades 11 and 12 students to determine courses to be offered
CID Chief	4. Prepares course offerings based on the results of the student advising and informs Academic Unit Heads on the course offerings to be used in preparing the proposed faculty loading

4.3 Faculty Loading

Responsibility	Activity
CID Chief	1. Informs Academic Unit Heads of course offerings for the school year
Academic Unit Head	2. Presents the course offerings for the school year to the unit members and discusses loading with the teachers involved
Academic Unit Heads	3. Prepares and submits proposed faculty loading to the CID Chief for review
CID Chief	4. Reviews proposed faculty loading and recommends it for final approval of Campus

VERSION NO. 2	MANUAL TITLE CURRICULUM AND INSTRUCTION MANUAL	DOCUMENT NO. CIM 3.1

Director

Campus Director

5. Approves faculty loading

CID Chief

6. Distributes final faculty loading to Academic Unit Heads

Academic Unit
Heads

7. Gives final faculty loading to faculty members

4.4 Scheduling of Classes

Responsibility	Activity
CID Chief	1. Drafts students' schedule of classes based on the curricular offerings and faculty assignments for approval of the Campus Director
Campus Director	2. Reviews and approves proposed schedule of classes
CID Chief	3. Creates faculty member's individual class schedule based on the students' approved schedule of classes
Campus Director	4. Approves individual class schedule of faculty member/s if there are no conflicts on the schedule; otherwise, returns to CID Chief for revision
Campus Director	5. Approves individual class schedule of faculty member/s if there are no conflicts on the schedule; otherwise, returns to CID Chief for revision
CID Chief	6. Distributes approved students' schedule of classes to the Registrar, and the individual class schedule of faculty member/s to Academic Unit Heads
Academic Unit Heads	7. Distribute approved class schedule of faculty members to respective faculty member/s
Registrar	8. Distributes class schedule to Class Advisers
CID Secretary	9. Posts students' schedule of classes in conspicuous areas in the campus
