

VERSION NO. 2	MANUAL TITLE FINANCE AND ADMINISTRATION MANUAL	DOCUMENT NO. FAM 16.0
	DOCUMENT NAME PUBLIC SERVICE CONTINUITY PLAN	REVISION NO. 1
		EFFECTIVITY DATE October 16, 2022
		PAGE NO. 1 of 23

1. INTRODUCTION

The PSHS System acknowledges the need to establish, implement, and maintain appropriate procedure for managing the immediate consequences of disruptive incidents with due regard to the welfare of employees, students and stakeholders, operational options for responding to incidents, prevention of further loss or unavailability of prioritized activities, and recovery and resumption of mission essential functions.

2. OBJECTIVE

To ensure proper restoration, operation and continued delivery of public services of PSHS campuses and offices during and after a disruption incident such as disaster and other calamitous events.

3. POLICY STATEMENTS

It shall be the policy of the PSHS System to:

- a) Strengthen the institution's capacity for managing immediate consequences of disruptive incidents;
- b) Adopt state policy, universal norms, principles and standards of humanitarian assistance in the global effort on risk reduction and disaster/ crisis management;
- c) Adopt a disaster risk reduction and management plan/ approach that is holistic, comprehensive, integrated and pro-active;
- d) Institutionalize the policies, structures, coordination mechanism, and programs on disaster risk reduction and management;
- e) Safeguard the lives of PSHSS personnel, students and stakeholders who are billeted in the premises at the time of disaster or disruptive event, or those who sought refuge in the premises;
- f) Establish, implement and maintain appropriate procedures for managing the immediate consequences of disruptive events, maintaining operational options for responding to incidents, preventing further loss or

		PAGE NO. 2 of 23

unavailability of prioritized activities, and recovery and resumption of mission essential functions;

- g) Enable effective decision making and communication during times of disaster, calamity, or disruptive incidents;
- h) Reduce dependency on a specific critical function-holder;
- i) Increase organizational credibility by ensuring quick recovery from disruption and immediate resumption of critical services to the public and other stakeholders;
- j) Ensure continual improvement of PSHSS public service continuity management plan;
- k) Meet all competing needs and demands of a post disaster environment;
- l) Salvage and keep account of salvageable government property, including all important records after a disaster or disruptive event;
- m) Immediately secure and protect government property from consequences of disasters or disruptive events, including important records and intellectual properties;

4. SCOPE

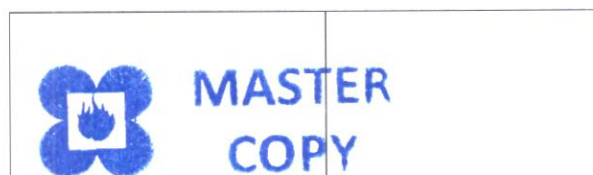

This public service continuity plan shall apply to the PSHS System and any person occupying a physical office at the OED and Campuses, including contracted providers and guests.

5. ROLES AND RESPONSIBILITIES

A. PSHSS Service Continuity Management

A.1. Office of the Executive Director

Head of Agency / Campus:	Executive Director
Senior Leadership and Continuity Coordinator	Deputy Executive Director

VERSION NO. 2	MANUAL TITLE FINANCE AND ADMINISTRATION MANUAL	DOCUMENT NO. FAM 16.0
	DOCUMENT NAME PUBLIC SERVICE CONTINUITY PLAN	REVISION NO. 1
		EFFECTIVITY DATE October 16, 2022
		PAGE NO. 3 of 23

A.2. PSHS Campuses

Head of Campus
Senior Leadership and Continuity Coordinator

Campus Director
Duly Designated

B. PSHSS Service Continuity Planning Team

B.1. Division Chiefs and Designated Alternates

Division/Special Unit	Division Chiefs/Heads	Designated Alternate*
Finance & Administrative Division (FAD)	Chief AO/ FAD Chief	Supervising AO
Research, Policy & Academics Division (RPAD)/CID	Chief SRS/ CID Chief	Sr. SRS/ Asst. CID
OED - Knowledge & Innovation Division (KID)	Division Chief	Asst. Division Chief
Student Services Division	SSD Chief	Asst. SSD Chief
Division of Students Affairs (when applicable)	DSA Chief	Asst. DSA Chief

**designated to attend only in the absence of DCs/Heads*

B.2. Permanent Technical Working Group

The PSCP TWG shall be composed of duly designated members of the Incident Command System, plus any additional personnel that may be able to contribute to the institution's service continuity plan.

VERSION NO. 2	MANUAL TITLE FINANCE AND ADMINISTRATION MANUAL	DOCUMENT NO. FAM 16.0
	DOCUMENT NAME PUBLIC SERVICE CONTINUITY PLAN	REVISION NO. 1
		EFFECTIVITY DATE October 16, 2022
		PAGE NO. 4 of 23

Incident Command System Designate	TWG Designation
Incident Commander	Chair Person
Deputy Incident Commander	Vice Chair
Public Information Officer	Member
Liaison Officer	Member
Safety Officer	Member
Planning Section Chief	Member
Secretariat	Secretariat

The PSHS System Public Sector Continuity Management Team is composed of the Service Continuity Management and the Service Continuity Planning Team which is also acting as the Technical Working Group tasked to formulate the PSHS System Public Service Continuity Plan.

Roles and Responsibilities

Head of Agency/ Campus

- Responsible for the continuation of essential services during an emergency, disaster, or disruption event.
- Responsible for ensuring that continuity programs are appropriately resourced;
- Signs off on the final plans and policies developed by the Continuity Planning Team;
- Ensures development of strategic continuity vision and overarching policy; Ensures appointment of key continuity personnel and the development of a program budget for adequate facilities, equipment and training;

Senior Leadership

- Designates a Continuity Coordinator;
- Approves all required continuity plans and programs;
- Notifies appropriate offices and organizations upon execution of continuity plans;

VERSION NO. 2	MANUAL TITLE FINANCE AND ADMINISTRATION MANUAL	DOCUMENT NO. FAM 16.0
	DOCUMENT NAME PUBLIC SERVICE CONTINUITY PLAN	REVISION NO. 1
		EFFECTIVITY DATE October 16, 2022
		PAGE NO. 5 of 23

- Supports the work of the Continuity Coordinator for their organization, including providing the necessary budgetary and other resources to support the continuity program as required

Continuity Coordinator

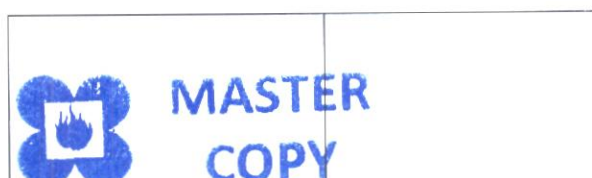

- Provides overall continuity coordination for the organization;
- Is in charge of leading and coordinating the continuity planning;
- Coordinates the continuity input of the organization and ensuring those inputs reflect and support the intent of the overall continuity plan and the sustainment of essential functions;
- Prepares and submits annual summary of planning activities to the Appointed Officials and Organization Heads;
- Directs and participates in periodic cross-jurisdictional continuity exercises;
- Establishes a Multi-Year Strategy and Program Management Plan designed to achieve continuity objectives;
- Develops and administers a continuity program budget and submitting funding requirements to the agency lead;
- Serves as an advocate for the continuity plan and program

Continuity Planning Team

- Develops and updates the continuity plan of the organization;
- Serves as the principal continuity coordinating organization and forum for exchanging ideas and information regarding continuity planning, procedures and resources for that organization;
- Understands the role that adjacent jurisdictions and organizations might be expected to play in certain types of emergency conditions and what support those adjacent organizations might provide;
- Understands the limits of their continuity resources and support capabilities;
- Anticipates the point at which adjacent organizational or mutual aid resources will be required;

6. DEFINITION OF TERMS

1. Alert – formal notification that an incident has occurred which might develop into a Business Continuity Management or Crisis Management Invocation.

VERSION NO. 2	MANUAL TITLE FINANCE AND ADMINISTRATION MANUAL	DOCUMENT NO. FAM 16.0
	DOCUMENT NAME PUBLIC SERVICE CONTINUITY PLAN	REVISION NO. 1
		EFFECTIVITY DATE October 16, 2022
		PAGE NO. 6 of 23

2. Business Impact Analysis – the process of analyzing activities and the effect that a business disruption might have upon them.
3. Call Tree - a structured cascade process that enables a list of persons, roles and/or organizations to be contacted as a part of information exchange or plan invocation procedure.
4. Continual Improvement – recurring activity to enhance performance.
5. Continuity of Operations – the capability to continue essential program functions and to preserve essential facilities, equipment, and records across a broad range of potential emergencies.
6. Crisis – an abnormal situation which threatens the operations, staff, customers or reputation of an enterprise.
7. Disruption – an event that interrupts normal business, functions, operations, or processes, whether anticipated (e.g. hurricane, political unrest) or unanticipated (e.g. a blackout, terror attack, technology failure, or earthquake).
8. Exercise – process to validate, assess or improve policies, plans, procedures, training, equipment, and inter-organizational collaborations for improving organizational performance, and attaining its goals and objectives.
9. Hot Site – a continuity facility that already has in place the computer, telecommunications, other information technology, environmental infrastructure, and personnel required to recover critical business functions of information systems.
10. Incident – an event that has the capacity to lead to loss of or a disruption to an organization's operations, services, or functions – which, if not managed, can escalate into an emergency, crisis, or disaster.
11. Incident Management Team – a group of individuals responsible for developing and implementing a comprehensive plan for responding to a disruptive incident.

VERSION NO. 2	MANUAL TITLE FINANCE AND ADMINISTRATION MANUAL	DOCUMENT NO. FAM 16.0
	DOCUMENT NAME PUBLIC SERVICE CONTINUITY PLAN	REVISION NO. 1
		EFFECTIVITY DATE October 16, 2022
		PAGE NO. 7 of 23

12. Mission Essential Functions – the limited set or organization-level government functions that must be continued throughout, or resumed rapidly after, a disruption of normal activities.
13. Public Service Continuity – refers to business continuity for the public sector, refers to the capability of the organization to continue delivery of products or services at acceptable predefined levels following a disruptive incident.
14. Public Service Continuity Plan – refers to the business continuity plan for the public sector, refers to the documented procedures that guide organizations to respond, recover, resume, and restore to a pre-defined level of operation following disruption.
15. Recovery – the implementation of prioritized actions required to return an organization's processes and support functions to operational stability following an interruption or disaster.
16. Recovery Time Objectives – the period of time following an incident within which: a) product or service must be resumed; or b) activity must be resumed; or c) resources must be recovered
17. Testing – refers to the procedure for evaluation; a means of determining the presence, quality, or veracity of something (ISO 22300)

7. ASSUMPTIONS

- a) An Incident Command System within the organization has been established.

8. MISSION ESSENTIAL FUNCTIONS AND RECOVERY TIME OBJECTIVES

Mission Essential Functions refer to the limited set of functions of PSHSS that must be continued throughout, or resumed rapidly after a disruption of normal operations. These are functions that cannot be deferred during an emergency or disaster. They may also refer to components of PSHSS' mission statement or strategic plan.

While the PSHSS' primary mandate is to provide scholarships and offer education services, such function can be deferred during an emergency or disaster, and is therefore not among the mission essential functions of PSHSS.

VERSION NO. 2	MANUAL TITLE FINANCE AND ADMINISTRATION MANUAL	DOCUMENT NO. FAM 16.0
	DOCUMENT NAME PUBLIC SERVICE CONTINUITY PLAN	REVISION NO. 1
		EFFECTIVITY DATE October 16, 2022
		PAGE NO. 8 of 23

a) Maintain continuity of PSHSS leadership elements including succession of key offices; organizational communication, leadership and management operations; situational awareness; personnel accountability; and functional disciplinary process	ICS Team and task force must convene within 12 hours upon Order of the Incident Commander, or activation of the PCSP.
b) Provide Visible Leadership with focus on rebuilding trust and confidence from constituent units and stakeholders/ PSHS Community	Deployment of Task Force and functional operations base within 24 hours upon Order of the Incident Commander, or activation of the PCSP.
c) Secure the school premises and its properties, and ensure the safety and functionality of its buildings and facilities	Within 24 hours upon deployment of task force.
d) Protect vital records and files including electronic records e.g. student records, personnel files, administrative reports, and other documents vital to the continuity of operations of PSHSS	Within 24 hours upon deployment of task force
e)	
f) Clearance of debris and restoration of vital educational facilities and services necessary for the delivery of primary mandate i.e. educational services	Between 7 – 10 days, depending on the severity of damage.

9. Activation Criteria, Procedures and Authority

Early Preparedness Action (EPA) is activated when advisory or alert is issued by the Philippine Atmospheric, Geophysical and Astronomical Services (PAGASA), or the Department of Environment and Natural Resources (DENR), or Philippine Institute of Volcanology and Seismology (PhilVolcS), or the National Disaster

VERSION NO. 2	MANUAL TITLE FINANCE AND ADMINISTRATION MANUAL	DOCUMENT NO. FAM 16.0
	DOCUMENT NAME PUBLIC SERVICE CONTINUITY PLAN	REVISION NO. 1
		EFFECTIVITY DATE October 16, 2022
		PAGE NO. 9 of 23

Risk Reduction Management Council (NDRRMC), or the Local Government Units.

EPA is done during times when there is no immediate threat of disasters.

When an advisory or alert is issued by competent authorities, the Incident Command System shall automatically be activated, and the Incident Commander shall immediately conduct the following critical activities:

- a) Monitor alerts, revisit risk maps, and check availability of relevant resources and equipment;
- b) Activate Incident Management Team and other response team (Refer to PSHS Incident Command System):
 - i. Logistics Task Group;
 - ii. Security, Law and Order and Lifeline Team;
 - iii. Welfare and Humanitarian Services Group;
 - iv. Communication Group
- c) Conduct pre-disaster risk assessment, and determine whether or not it is necessary to:
 - i. Conduct pre-emptive evacuation of school residents (e.g. dormers, stay-in personnel/ guests, etc.);
 - ii. Declare suspension of classes, or suspension of work;
 - iii. Turn-off power supply;
 - iv. Secure government property e.g. government records, furniture, vehicles, etc., or reinforce buildings and fixtures;
 - v. Enlist volunteers to serve emergency response cluster/ task group;
 - vi. Procure additional emergency supplies e.g. equipment, food, first aid kits, medicines, etc.
 - vii. Coordinate with local/ national disaster agencies or offices;
- d) Equip, test and check functionality of necessary equipment;
- e) Set up command center and identify operations base of task groups pursuant to ICS;
- f) Issue public advisory/ alert/ directives to personnel/ students based on the outcome and results of the pre- disaster risk assessment;

VERSION NO. 2	MANUAL TITLE FINANCE AND ADMINISTRATION MANUAL	DOCUMENT NO. FAM 16.0
	DOCUMENT NAME PUBLIC SERVICE CONTINUITY PLAN	REVISION NO. 1
		EFFECTIVITY DATE October 16, 2022
		PAGE NO. 10 of 23

Disaster Response Operations is activated by order of the Incident Commander and is given when the threat and the risk to response team is deemed manageable. Once the order is given, the following critical activities are performed:

- a) Mobilize, Position/ Reposition, Equip and Check Functionality of Equipment, and Deploy Response Team;
- b) Set-up operations base and perform the following respective tasks:
 - i. **Security, Law and Order, Lifeline Team (SLOLT)** — Conduct search, rescue, retrieval and clearing operations. Secure premises and keep order. Manage the dead and missing;
 - ii. **Welfare and Humanitarian Services Group (WHSG)**— Coordinate camp setup and management. Distribute food, water and/ or welfare services. Provide health and medical care or first aid;
 - iii. **Communication Group (CG)** — Manage public and inter-agency communication. Document response and relief efforts. Monitor alerts and advisory and disseminate the same to response team. Coordinate with private and public disaster/ relief agencies together with the Incident Command Team;
 - iv. **Logistics Support Group (LSG)** — Manage distribution of relief goods, emergency equipment, and other resources.
 - v. **Incident Command Team (ICT)** — Formulate and Submit Incident Action Plan to authorities
 - vi. **Information Systems Support Group** – Provide information communications technology support to task force.

10. Continuity Strategies

- a) Institutionalize public service continuity plan to allow PSHSS to effectively respond to accidents, disasters, emergencies, or threats without any (or with minimal) stoppage or hindrance in its key operations;
- b) Identify, develop, acquire, document, and test procedures and resources that will ensure the continuity of PSHSS in the event of an accident, disaster, emergency, or threat — by institutionalizing:
 - i. Risk mitigation planning or reducing the possibility of the occurrence of adverse events; and

VERSION NO. 2	MANUAL TITLE FINANCE AND ADMINISTRATION MANUAL	DOCUMENT NO. FAM 16.0
	DOCUMENT NAME PUBLIC SERVICE CONTINUITY PLAN	REVISION NO. 1
		EFFECTIVITY DATE October 16, 2022
		PAGE NO. 11 of 23

ii. business recovery planning or ensuring continued operation in the aftermath of a disaster.

c) Enhancing Institutional Capabilities and Competencies by setting up relevant organizational structures, systems, policies and plans; and continuous training and development;

d) Building alliances with LGUs, NGA, and private/ public organizations with the aim of enhancing PSHSS capabilities and competencies to prepare and respond to disasters, and augmenting resources needed to conduct the same.

11. Resource Requirements

a) Security, Law and Order and Lifeline Team: *See Annex A, Checklist of Requirements*

b) Welfare and Humanitarian Services Group: *See Annex B, Checklist of Requirements*

c) Communication Group: *See Annex C, Checklist of Requirements*

d) Institutional Requirements:

i. Organizational Structures, Systems, Policies and Plans

- Checklist of minimum critical preparedness action
- Maps: Geohazard Maps, Risk Maps, Evacuation Map/ Plan, Operational Base Plan
- Incident Command System
- Service Continuity Plan
- Records System and Back-up Plan, including Remote Back-up Plan

ii. Disaster Response Capability and Competency Plan:

- Training and Capability Building Plan: *See, Annex D, Training List*
- Memorandum of Agreement / Institutional Partnerships and Collaboration with LGU, Disaster Response Units, NGAs, Public/ Private Sector, etc. for enhancement of resource and institutional capabilities

VERSION NO. 2	MANUAL TITLE FINANCE AND ADMINISTRATION MANUAL	DOCUMENT NO. FAM 16.0
	DOCUMENT NAME PUBLIC SERVICE CONTINUITY PLAN	REVISION NO. 1
		EFFECTIVITY DATE October 16, 2022
		PAGE NO. 12 of 23

12. Communication Procedures

Announcement of suspension of classes/ work should be made not later than 4.30am on the day of intended cancellation of classes/ work. The information should be disseminated thru diverse mass media, landline and cellular phone network, and other available communications technology.

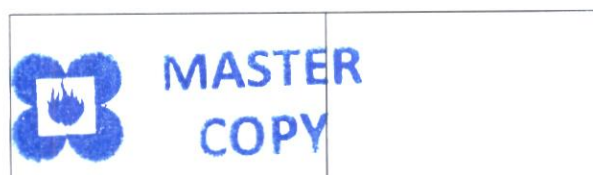

All public information shall be coursed thru the Incident Commander for approval and clearance.

13. Testing and Maintenance

To ensure the effectiveness of the PSHSS continuity plan in the event of a disaster or disruption incident, the document shall be reviewed and updated at least once a year; the action team's skills and competency tested and enhanced thru regular training and development; and resources and equipment properly maintained, counted and checked. All obsolete and/ or non-functional materials, inventory, equipment and resources should be properly disposed.

The PSHSS continuity plan may be updated, enhanced, and tested thru any of the following modes as may be determined by the PSHSS Service Continuity Management:

- a) **Audit Review.** Involves reviewing the plan to determine if any elements are missing or inconsistent. This type of test may also be used to train new members of the PSHSS Incident Command Team, Cluster Action Team, and Service Continuity Team.
- b) **Simple Test.** This will include testing the activation of the staff call tree, checking of institutional partners' details, readiness, and commitment. This ensures that all relevant details are kept up to date.
- c) **Desktop exercises.** Involves all the cluster/ task force action team plus an observer(s) being gathered together in a meeting room where they are presented with specific disaster scenarios, and ask participants to simulate dealing with it. The circumstances of the scenario can be randomly changed during the test as the team's responses develop, to assess how they react and adapt to changing situations.
