9.0 POLICIES

9.1. Monitoring, measurement, analysis and evaluation

9.1.1. General

9.1.1.1. PSHSS shall determine:

- what needs to be monitored and measured;
- the methods for monitoring, measurement, analysis and evaluation needed to ensure valid results;
- when the monitoring and measuring shall be performed; and
- when the results from monitoring and measurement shall be analyzed and evaluated.

9.1.1.2. These shall be incorporated in the Strategic Performance Management System (SPMS) of the offices concerned for easy monitoring and evaluation.

9.1.1.3. The SPMS accomplishment report shall serve as basis for evaluating the performance and effectiveness of the quality management system.

9.1.1.4. The conduct of Employee Performance Evaluation shall conform with the latest CSC approved SPMS whose rules of procedures are reflected in FAM 4.5.

9.1.2. Customer Satisfaction

9.1.2.1. As one of the measurements of the performance of the quality management system, PSHSS monitors information relating to customer perception as to whether the institution has met customer requirements. The methods for obtaining and using this information include:

- 9.1.2.1.1. recording customer complaints
- 9.1.2.1.2. sending of customer satisfaction surveys

9.1.2.2. The Quality Management System Office (QMSO) monitors customer satisfaction to the products and services provided by the institution. Customer complaints are also recorded and dealt with promptly. These complaints are brought to the attention of the institution's management for proper action.

9.1.2.3. The corrective action system shall be used to develop and implement plans for customer satisfaction improvement that address deficiencies identified, and assess the effectiveness of the results.

9.1.3. Analysis and evaluation

9.1.3.1. PSHSS shall analyze and evaluate data and information related to the performance of the institution's quality management system. Necessary actions may be instituted for the improvement of the quality management system.

9.1.3.2. The results of the analysis shall be used to evaluate:

- 9.1.3.2.1. conformity of products and services;
- 9.1.3.2.2. the degree of customer satisfaction;
- 9.1.3.2.3. the performance and effectiveness of the quality management system;
- 9.1.3.2.4. the effectiveness of planning;
- 9.1.3.2.5. the effectiveness of actions taken to address risks and opportunities;
- 9.1.3.2.6. the performance of external providers; and
- 9.1.3.2.7. other improvements to the quality management system.

9.2. Internal Audit

9.2.1. PSHSS shall carry out an internal quality audit (IQA) annually or as deemed necessary by management, to verify whether the quality management system:

9.2.1.1. Conforms to the planned arrangements, to the requirements of the ISO 9001:2015 Standard and to the quality management system requirements established by the institution; and

9.2.1.2. Is effectively implemented and maintained.

9.2.2. Ineffective procedures shall be reviewed by management for possible improvements or amendments.

9.2.3. Audits are to be carried out according to an audit plan and scheduled on the basis of status and importance of the activity to be audited.

9.2.4. The audit and follow-up actions shall be carried out according to QM 13.2 "Internal Quality Audit".

9.2.5. Results of internal audits shall be documented and presented to the personnel responsible for the area audited.

9.2.6. The management of the offices being audited shall be responsible for taking timely correction and corrective action on the nonconformities found during the audit.

9.2.7. IQAs are conducted by a team of auditors headed by an IQA Lead Auditor. The audits shall be carried out by personnel independent of those having direct responsibility for the work being performed and shall be composed of qualified staff properly trained in carrying out the audit.
