		EFFECTIVITY DATE FEBRUARY 1, 2020
		PAGE NO. 1 of 2

1.0 OBJECTIVES

- 1.1 To promote health and wellness.
- 1.2 To educate students and employees in improving and maintaining good health.

2.0 SCOPE

This covers health information campaign of Health Services Unit (HSU).

3.0 POLICIES

- 3.1 Health education is an important part of a comprehensive school health program. The goal of the health education program is to help students learn how to make wise decisions that promote their health and well-being.
- 3.2 The HSU shall spearhead health information dissemination campaigns. Campaign strategies can be in the form of posters, brochures, videos, and other activities. It is recommended that the Department of Health (DOH) Calendar be followed when applicable. The DOH schedule will be used as reference in plotting the HSU Health Information Activities.
- 3.3 The HSU shall also promote and maintain high quality care through the analysis, review, and evaluation of the patient case and referrals to hospital for appropriate medical attention. The results can be part of the Health Information Activities.
- 3.4 The HSU shall monitor the student health status through constant review of current cases and previous records. This shall be basis for preparing the Health Information Activities.
- 3.5 A Bulletin Board shall be provided for HSU information campaign. This shall be updated as necessary.
- 3.6 The school Nurse shall be responsible in updating the HSU Bulletin Board.
