RATIONALE:

Philippine Science High School System being one of the premiere institutions in the country prioritizes the development of programs, projects and policies that are data-driven and research-based. This will ensure that the initiatives of PSHS System are effective, efficient and aligned to its mandates. This policy will set guidelines on the conduct of system-wide and campus level researches as well as establish the research priorities and strands.

These research priorities and strands are aligned with the DOST Harmonized National R & D Agenda under the 1st Sector (National Integrated Basic Research Agenda), Section F 5.3 Education (a) Pedagogies in Philippine educational system (b) Mathematics, language, music in indigenous Filipino expressive culture (c) K to 12 studies

1.0 OBJECTIVES

- 1.1 To define the policies and guidelines that will be adopted by the Office of the Executive Director (OED) in the conduct of research studies.
- 1.2 To establish the PSHS System academic research priority strands.
- 1.3 To create processes that will ensure proper implementation/ conduct of research studies in the context of PSHS system.
- 1.4 To design mechanisms on incorporating research findings to policies, programs and projects of PSHS System.
- 1.5 To evaluate the contribution of the research study findings in terms of impact and outcomes, to PSHS System.

2.0 SCOPE

This procedure covers the following steps:

1. conceptualization of research study proposal
2. evaluation of researches
3. conduct of actual research activities
4. creation of research team
